Seeking damages in the sum of \$1 million

## Former Coffee County jail employee files complaint

During the Monday, March 26, meeting of the Coffee County Commission, a former county jail employee addressed commissioners regarding her termination. This week, that employee, Ruth Scheipe, filed a formal complaint against the Coffee County Commission, Coffee County Sheriff Dave Sutton, Coffee County Chief Deputy R. W. Whitworth, Coffee County Jail Administrator Richard Moss, the Coffee County Sheriff's Department and "other officers, employees and agents of Coffee County whose names are at this time unknown to the claimant (Scheipe).

At the conclusion of her address during last week's commission meeting, Scheipe said she would use any legal action available to her to get justice regarding her termination which she felt was unfair. She also, at that time, thanked the Coffee County Commission for supporting her through her years of employment with Coffee County.

Scheipe was reportedly terminated Tuesday, March 6, on the authority of Sheriff Dave Sutton. He has said Scheipe's termination was warranted because of insubordination.

The formal complaint was filed earlier this week by Elba attorney Sydney Albert Smith on behalf of Scheipe. The body of the complaint prepared by Scheipe and her attorney reads as follows:

RE: RUTH SCHEIPE

TO THE COMMISSION OF THE COUNTY OF COFFEE, ALABAMA

GREETINGS:

Pursuant to Section 11-12-8 Code of Alabama 1975 you are hereby notified of claims made against the Coffee County Commission, the Sheriff of Coffee County, the Chief Deputy of Coffee County, the Jail Administrator of Coffee County, the Coffee County Sheriff's Department, and other officers, employees and agents of Coffee County, Alabama whose names are at this time unknown to the Claimant.

GRAVAMEN OF THE COMPLAINT

On March 6, 2007, the Complainant RUTH SCHEIPE was terminated by Chief Deputy R. W. WHITWORTH, purportedly on behalf of Sheriff DAVID T. SUTTON from her employment as a Coffee County Deputy Sheriff and/or Correction Officer. Said termi-

nation occurred without due process to which the Complainant RUTH SCHEIPE was entitled. Further, the reasons for said termination which were stated were false, however, the Complainant was denied any semblance of due process under which she was entitled to refute such "false" and malicious charges.

The Complainant RUTH SCHEIPE began working as a Coffee County Correctional Officer on February 14, 1992. She was employed through the administration of Brice Paul, now employed as a jail consultant with the Alabama Sheriff's Association. Sheriff Ben Moates, and was wrongfully terminated shortly into the administration of now Sheriff David T. Sutton and his, in this case, henchman, Chief Deputy Ronnie W. Whitworth. The reasons given in the letter of summary termination by Whitworth on March 6, 2007, are false, absurd and are a feeble attempt to fabricate an excuse to purge a loyal, competent and dedicated correctional officer employee. On information and belief, the stated reasons for termination are a subterfuge and fabrication to cover an attempt to remove a dedicated and honest employee

due to the prejudices and biases of Chief Deputy R. W. Whitworth, Jail Administrator Richard Moss, and Sheriff David T. Sutton. These ill biases and motives of the Respondents due to the Complainant's Sex, Personal Life Style, and her Candor and refusal to condone and conceal the illegal, inept, and obstructionist activities of the persons named in this Complaint, and others not named, and the Respondents retaliation against her due to said ill biases and motives have led to losses by the Complainant including: (1) Loss of compensation for her position as a correctional officer; (2) Loss of her sick leave time and pay; (3) Loss of her retirement as she was within approximately 5 years of retirement; (4) Loss of reputation and professional standing; (5) Emotional distress.

Premise: Considered the complainant, demands of the Coffee County Commission, the Sheriff of Coffee County, the Coffee County Sheriff's Department, and the above officers and officials damages in the sum of One Million Dollars, (\$1,000,000.00), attorneys fees and expenses and such other relief as appropriate.

## During New Brockton Town Council meeting

### Mayor says Tyler Street project again hindered by rain

by Linda Hodge, Editor

New Brockton Mayor Charles Cole said Monday evening, April 2, during the monthly town council meeting that he wished he had good news to report on Tyler Street; however, that was not the case.

During the March council meeting, Cole said the rain storms of March 1st had destroyed progress on the road project. Again this month, he reported a set back because of rain.

Cole said rain on Sunday, April 1, again washed out progress being made on the

project. At the present time, he said officials are waiting to hear from the project engineer to see what is next.

Officials reminded citizens of the increase in garbage fees. Cole said the garbage fee increased by \$2. He also said the water fee increased by 70 cents per month while the sewage fee increased by 25 cents. In all, Cole said residents will see a \$2.95 increase in fees for garbage, water and sewage.

Mayor Cole did have good news to report on the move of offices to old armory building recently purchased by the town. He said the offices should be ready to begin moving within the next few weeks.

Cole said a lot of progress has been made in regards to preparing the armory building. Currently, he said tile is being placed in the office area.

The mayor also recommended the town look at getting a new

telephone system for the new location. However, he said the phone number for town offices will remain the same.

Cole also recommended getting caller ID. He said all costs would be divided equally between the town and water departments.

No action was taken regarding this matter.

Mayor Cole said plans are well underway for the town's Spring Festival to be held May 5th. He said the day's schedule is being worked on.

The mayor also said he understands main street will be blocked off that day for vendors. The majority of the activities will be held at the town park.

Council members voted to approve paying of monthly bills. The total cost of bills was \$35,861.85 with \$35,844.85 prepaid and \$17 to be paid.

The next town council meeting will be Monday, May 7.

Notice:

THE LONG ANTICIPATED TEARING DOWN of the downtown square building on Court Street in Elba made noticeable progress late last week. With heavy machinery in place, it didn't take long to move forward with the demolition. Early this week an empty spot could be found instead of the building that once housed a portion of Clements Furniture.

## Coffee County woman arrested by sheriff's department officials for chemical endangerment of exposing a child

Personnel with the Coffee County Sheriff's Department last week arrested a Coffee County woman for chemical endangerment of exposing a child following a lengthy investigation.

According to R. W.

Whitworth, chief deputy for the Coffee County Sheriff's Department, a social worker with the Coffee County Department of Human Resources reported a chemical endangerment of exposing a child case on Feb. 23rd to the

sheriff's department.

Whitworth said it was reported that a 26-year-old female had given birth to a child while at her residence in rural south Coffee County. He said the child was reportedly born at the home some time after midnight and approximately 10 hours later was taken to an Opp, Ala., hospital.

Upon arrival at the hospital, Whitworth said the hospital staff discovered through lab work that the baby girl tested positive for methamphetamine. He said the mother also tested positive for methamphetamine. Investigators with the Coffee County Sheriff's Department executed a warrant Friday, March 30, and arrested Stacey Dawn Wallace Wise. She was charged with chemical endangerment of exposing a child, a class "C" felony.

Wise was placed in the Coffee County Jail and later released on a property bond.

After being released from the hospital, Whitworth said the infant child was released to a family member of Wise. He said the child is reportedly in good health.

## Behold the King...

Matthew 21:1-11

I am excited, another baseball season is here. Maybe the Atlanta Braves will have a good year. I'm ready to go see the Montgomery "Biscuits" and I hope they have another great year! Our church has a trip planned to go watch the "Biscuits" play on June 22nd and I can't wait.

Talking about baseball reminds me of the story of a little boy who went to Yankee Stadium in New York with his grandfather. The little boy got lost from his grandfather at the end of the game. An usher spotted the little fellow crying and found out what was wrong. The usher told him to go and stand on 2nd base and his grandfather would see him and they would be reunited. In that big stadium, the little boy standing on 2nd base was saying "Here I am."

This story reminds me of Palm Sunday as Jesus marched into Jerusalem. Jesus was saying, "Here I am. You can accept me as Savior or you can kill me but here I am." It is our choice what to do with Jesus. We can accept Him as Savior and Lord or we can reject him. The choice is ours. I hope you will choose Him as Lord and Savior.

## Coffee County Youth Leadership Program takes trip to Montgomery

by Yquesha Terry

On Thursday, March 22, the Coffee County Youth Leadership program (CCYLP) took a trip to Montgomery, Ala. The group first stopped at the Alabama State House. At the State House, the group visited Representative Terry Spicer who discussed with the group several Enterprise disaster issues. The major issue he discussed was the financial status of the Enterprise School System.

After leaving the Alabama State House, the group then went to Dexter Avenue King Memorial Baptist Church. The church is a national historic landmark because of its status as the birthplace of the Civil Rights Movement. It is the only church where Martin Luther King Jr. served as a senior pastor. He was a pastor

of this church from 1954-1960. A large mural depicts the struggles of the movement, as well as landmark moments in King's life. The CCYLP group climbed the stairs to see the simple, peaceful sanctuary where his sermons promised hope and brotherhood and defined the movement.

For lunch, the group went to the RSA Tower, where they dined on the 21st floor and were served gourmet food. Lunch was followed by the group's visiting the Montgomery County Courthouse, where the group was introduced to one of Alabama's federal judges.

The judge discussed with the group the different cases he hears and some of the different branches of government and the court system. The group had a great time even though it was their last CCYLP trip.

The next time the students meet will be at the CCYLP graduation on Monday, April 9.

A visiting educator watches as an Elba Elementary School student completes his reading program work.

Teachers handled the new programs. The visiting teachers came from schools that were extremely proud to be the example for their nation's education, and EES students will continue to excel because of this program and the hard work of the staff.

## Did You Know?

The junior class of 1962 hosted Elba High's first prom

by Ashton Rodriguez

This week the "Tiger Tales" editors take a look back at the history of prom at Elba High School. The junior class of 1962 hosted the first prom at Elba High School. Prior to this there had always been a Junior/Senior Banquet, which was held in the lunchroom of the high school.

Students dressed in suits and evening gowns and enjoyed an evening of social interaction. The junior class of 1962 wanted this to change, so they asked permission to host the first prom instead of a banquet. The principal agreed to their plan and allowed them to have a prom. "The Pepper Mint Lounge" was the theme of the prom since it was a popular song by Chubby Checker in 1962. The juniors decorated the gym in red and white crepe paper, magnolia blossoms and ivy. Music was furnished by a record player. Students brought records from home, and a student was in charge of changing out the records.

The junior/senior class officers were introduced during lead out, which is still a tradition. The home economics class provided refreshments for the juniors and seniors. Because of the junior class of 1962, students today are able to have proms at Elba High School, and this tradition has continued for 45 years.

## Student Spotlight

Several students are shown working on prom preparations for Elba High School's junior and senior classes. This year's Junior/Senior Prom was held last Saturday evening, March 31, at Elba High School. Following the prom, the juniors and seniors were honored with another annual tradition - the Junior/Senior breakfast.

## Faculty and staff hosts "Show What You Know" breakfast for ZC students

by Ashley Hudson

The "Show What You Know Breakfast" was provided by the faculty and staff to encourage all the students taking the Alabama High School Graduation Exam to do their very best.

Many parents volunteered to serve the students and to clean up afterwards.

During the week of the exam, members of Hebron Baptist Church provided snacks and

drinks each day of the exam. They also provided stress balls for the students on the first day.

Mr. Hartwell mentioned that the breakfast was a really good idea and wanted to let the students that the faculty and staff really appreciate them working very hard and doing their best on the exam.

Mr. Hartwell said there have been many comments mentioned to him about ideas to help encourage the students.

## ZC celebrates Dr. Seuss' birthday

Friday, March 2, was an adventurous day for the students at Zion Chapel as students in grades K-6th celebrated Dr. Seuss' birthday.

The adventure began with a character parade where the children dressed as their favorite book character. Over 100 students clad in true character apparel introduced their character as they marched around the school to eager onlookers.

Guest readers were also invited to entertain classes by reading aloud a Dr. Seuss book in celebration of a day when all schools read together.

## THE PRESSBOX

By Ricky Mularz, Sports Editor

Melanie attended her senior prom last weekend, and even though the event proved to be a little expensive for Dad's wallet, she looked very pretty in her gown and had a great time as she and her date went out to eat in Dothan, then went to the prom, later went to the post-prom breakfast and after the breakfast went to a party at a friend's house. I just hope the memories of her days in school will one day mean as much to her as they do to me right now.

### FOR WHAT IT IS WORTH....

\*\*\* The Elba Tigers dropped five of six games last week to see their record slip to 7-14 on the season. The Tigers were riding along with a 5-4 record just a few weeks back and all the fans were thinking about the playoffs, but those same Tigers have lost 10 of their last 12 games and all of the sudden are hunting for answers as the key area games loom ahead. Elba is good enough to play with anybody on its schedule when it plays well, but anything less than a total team effort more often than not results in a loss. I think the Tigers will be favorites in the four area games, despite their late-season swoon, and if they can regroup and play like Tigers they can still be very much alive in a few weeks when the playoffs begin.

\*\*\* The Elba Lady Tigers lost their only game of the week as their record slipped to 7-9, and all of the sudden the Elba girls are having to fight and scratch their way through the season after a couple of injuries and the loss of another starter due to off-field problems. The end of the JV season will give the Lady Tigers some much-needed depth at a couple of positions and it should pay dividends on down the line. However, this year's Elba High softball team has nothing but tough games left on the schedule and will have to continue to scratch and claw their way through each and every game if they hope to post a winning season.

\*\*\* A look around the area finds the Kinston Lady Bulldogs and Brantley Bulldogs both in the state rankings in their respective sports. Kinston has been ranked all season in softball and will take the field against any team in the state, regardless of classification, while over in Brantley, the Bulldogs have quietly rolled to a very successful season and appear ready to be a team to watch in the post-season. Two more teams that have caught my eye in recent games are the Kinston Bulldogs and New Brockton Lady Gamecocks. The Bulldogs have one of the youngest teams around, but knocked off state ranked Arton last weekend, while the Lady Gamecocks haven't won many games, but last week battled highly-touted 2A powers Geneva County and Samson to the wire.

\*\*\* Alabama is in the middle of its first spring football practice under new coach Nick Saban and early reports are very encouraging for many of its old Bama fans. In one report last week Simon Castillo was asked to describe Saban's off-season program and his response was "pain," while Castillo added he never saw Mike Shula at Tide workouts, but made it clear Saban "is in my face the whole time." Alabama still trails many SEC schools when it comes to quality depth, but at least things appear to be headed in the right direction, finally.

\*\*\* In closing... youth baseball and softball seasons begin this week here in Elba and across the county, and than means the youngsters will be doing their best to help their teams win. Let 'em hear you cheer, no matter the score!

## Chamber of Commerce presents...Business of the Month Williams Signs

Whether you are riding around in the Wiregrass area or traveling on the interstate, chances are you've seen the work of Williams Signs. Williams Signs specializes in all types of signwork.

"No job is too big or small," states owner Chris Maddaloni. "The specialty of the company has long been fleet graphics, but with a slowing trailer manufacturing trend we have found it necessary to branch out and explore new trends in signwork. We manufacture and apply decals, build and erect signs, and screen print political or real estate signs. Whatever type of sign you need, we have probably made it before. Our newest department is the lighted sign business. We were being asked more often about lighted signs, so I figured I should learn what I could. It's been a good addition for us and allowed us to serve customers we may have not met otherwise."

Williams Signs began as a backyard dream of Herschel Williams in the early 70s. The business quickly grew into the present facility in 1976 with additions to follow as business demanded.

"We started small and added on as we outgrew ourselves," states Herschel Williams.

The 1980s brought major growth for the company as Dorsey trailers were seen moving through the yard to be decal.

Williams owned and operated the business until 2004 when his youngest daughter, Pam, and her husband, Chris Maddaloni, purchased the family business.

"I was probably the last Williams' anyone expected to

## VonKanel sentenced for sale of unregistered securities

Honorable Gary L. McAliley, District Attorney, 12th Judicial Circuit in Alabama, Honorable Troy King, Alabama Attorney General and Honorable Joseph P. Borg, Director, Alabama Securities Commission announced that Michael L. Von Kanel, a Hoover, Alabama resident, plead guilty to one count of sale of unregistered securities in the State of Alabama before Circuit Court Judge Thomas E. Head, III, in the Coffee County Courthouse, March 29, 2007.

Von Kanel was sentenced to ten years in the state penitentiary, split to serve three years. He faces additional Grand Jury indictments in Jefferson County. Victim restitution issues will be decided after this case is resolved in Jefferson County.

"Michael Von Kanel's victims trusted him to help them plan and provide for a more secure future; instead, he exploited them," said Attorney General King. "He continued his illegal practices, despite an order from the Alabama Securities Commission to cease and desist."

This plea stemmed from an indictment returned by a November 2005 session of the Coffee County Grand Jury. It

alleged that from December 2000 to January 2002, Von Kanel and others offered and sold securities to residents of Coffee County, Alabama described as Cash Flow Agreements of World Wide Wall Street (WWW) for a real estate development in Nassau, Bahamas.

The indictment alleged that none of the securities sold were registered for sale in Alabama and Von Kanel was not registered as an agent to sell securities in Alabama. These violations of the Alabama Securities Act are punishable as Class C felonies. Additionally, Von Kanel is charged with making false statements and failing to disclose material facts to the investors identified in this case.

The ASC cautions potential investors to thoroughly check out any investment opportunity prior to handing their money over to possible unscrupulous companies or individuals. Contact the ASC with inquiries concerning securities broker-dealers, agents, investment advisors, investment advisor representatives, financial planners, the registration status of securities or to report suspected fraud.

Robin Stone, Blue Cross Blue Shield Executive Director for Governmental Affairs, presents a \$25,000 check to Senator Jimmy Holley, D-Elba (left) and Representative Terry Spicer, D-Elba (right). The legislators received the check on behalf of the Coffee County Red Cross. Blue Cross Blue Shield, through the Caring Foundation, donated the money to support the relief work of the American Red Cross for Enterprise citizens who are victims of the recent tornadoes.

**PINK FLAMINGOES RETURN TO ELBA**—After a short hiatus, the ever-famous pink flamingoes have returned this year to assist The Peoples Bank of Coffee County with fund raising for the Relay for Life. Bank employees Melinda Vaughan (left) and Angie Anderson (right) greeted the flock of birds Monday afternoon after they arrived in town. The birds began making visits this week, and who knows where all they will go.
